PROFESSIONAL SUMMARY

Dedicated AI & Systems Engineer with a strong background in embedded systems, Linux, and network administration. Experienced in applied ML, edge AI, and building reliable systems.

WORK EXPERIENCE

Junior Onboarding Success Manager

Metrilus GmbH · Uttenreuth · Mar 2025 – Present

- Customer onboarding for vision systems.
- Coordinating between engineering, IT, and operations teams.

Werkstudent (Student Assistant)

Metrilus GmbH · Erlangen · Mar 2023 – Feb 2025

- Supporting systems tasks and technical demonstrations.
- Deployment and testing of hardware/software interfaces.

Assistant Manager

Blue Solutions Limited · Dhaka, Bangladesh · Nov 2021 – Apr 2022

- Linux system administration and IT project coordination.

Executive, Sales & Support

TVSL · Dhaka, Bangladesh · Feb 2020 – Dec 2021

- Network engineering support and system administration.

EDUCATION

M.Sc. Information and Communications Technology

FAU Erlangen-Nürnberg · Erlangen · Oct 2022 – Apr 2025

- Focus: Embedded Systems, Machine Learning.
- Thesis: Deployable Text-to-Image Architecture using MWEs and Supersenses.

B.Sc. Electrical, Electronics and Communications Engineering

Khulna University · Bangladesh · Jan 2014 – Jan 2018

SKILLS

Programming Languages: Python, TypeScript, Go, Rust, C++, Bash, SQL

AI & ML: PyTorch, Hugging Face, LangChain, Prompt Engineering, RAG, MLOps, Experiment Tracking, Text-to-Image (T2I), Fine-tuning

DevOps & Cloud: Docker, Kubernetes, Terraform, GitHub Actions, AWS

Systems & Networking: Linux Sysadmin, Yocto, systemd, MQTT/TLS, VLAN, Routing, Wireshark

Tools & Workflow: Git, GitHub, Jira, Confluence, Notion, Slack, Postman, VS Code

Spoken Languages: German (B2), English (Fluent), Bengali (Native), Hindi

PROJECTS

- **Deployable T2I Architecture:** Pipeline with MWE integration; validated on 7B LLM.
- **Self-Hosted Cloud NAS:** Private Linux/Docker cloud for backups.
- **Task Creator API:** Python (FastAPI) service with CI/CD.
